

Price Dropped Info

2024-01-12 - Patrick - LEARN

Have you found the product you want, but it's still a little too expensive for you at the moment and you're happy to wait a little longer? In this case, simply add your name to the "Price Dropped" list and we will inform you fully automatically as soon as the price of the product you are looking at drops.

ATTENTION: Unfortunately, it's not just downwards, it may also be that products are not reduced or even become more expensive over time.

The screenshot shows the ELGONTO website interface. At the top, the logo 'ELGONTO PLAYGROUND FUTURE' is centered, with 'Sign In / Register' on the right. Below the logo is a search bar and a navigation menu with categories: AUDIO & HIFI, HOME, PHOTO & VIDEO, COMPUTER & SMARTPHONE, SPORT & LEISURE, BRANDS, SALE, and DAB+ STORE. The main content area displays the product 'TEAC TN-3B-SE Belt Drive Turntable, White'. The product image is on the left, and the product details are on the right. The details include the model number '250448', a star rating, and a 'Write a review' link. A yellow arrow points to the 'Tell me if the price drops' button, which is highlighted in blue. Below this button, the current price is shown as '399,00 €' with a crossed-out 'SRP 399,00 €' above it. The product description states: 'The TN-3B-SE is a stylish belt-driven turntable with a built-in MM-type PHONO EQ amplifier.' Below the description, there are color selection options (white, black, silver) and a quantity selector set to '1'. A 'NOTIFY ME' button is visible next to the quantity selector. Below the quantity selector, it says 'Currently sold out'. At the bottom, there is a star rating of '4.82 Excellent' based on '1,209 reviews'. Additional features listed include '30-day "Love it or Return It"', 'Free Shipping from 79€/€', and 'Secure Payment'.

To activate the notification, simply click on "Tell me when the price drops" and enter your e-mail address.

You will receive a fully automated message as soon as the price falls below the price at the time you register for the function.
