

Can I change my shipping address after my order has been confirmed?

Patrick - 2021-10-11 - Order

We apologize for the inconvenience but hope you can understand that it is not possible for us to change course. Once your order is confirmed, we cannot accommodate address changes made at a later time. In the case that the stated address is incorrect or shipment cannot be delivered, it is automatically redirected to us. After we have received and checked your parcel, your refund will be issued to the payment method originally chosen.
