Which shortcomings can B-Stock have?

David Lackner - 2021-10-11 - B-goods

Minor signs of use or previously opened packaging
Mostly repaired or returned products. These items are not damaged but have been previously opened and potentially briefly used.

Damaged packaging
Product packaging damaged in transit. This has no bearing on the functionality of contents.

Not in original packaging or missing accessories
Returns accepted of goodwill or repaired warranty items. Accessories and/or original packacking can be partially or totally missing.
