How do I place an order?

Patrick - 2021-10-11 - Order

The Eleonto order process is easy: After adding the desired items to your cart, press »checkout«. At this point, we recommend creating a customer account, which will keep you logged in as you proceed with your order. If you are already registered with us, log into your account with your email and password.

Next, you will go through a three-step ordering process (address – payment – confirmation) before completing your order. Of course, it is also possible to order without a customer account. Simply click on »continue without registration« and follow the ensuing steps.
