David Lackner - 2021-10-11 - B-goods

If a product is available as B-Stock, it is indicated as such on the product detail page (see example below). You can order it by clicking on the reduced price and "Add refurbished product to cart" before you complete your purchase as you normally would. [View B-Goods.](#)

The screenshot displays the product page for a Thule Subterra Spinner 63cm Mineral suitcase. On the left, a vertical gallery of images shows the suitcase from various angles and in different colors. The main image shows the black suitcase from the front. To the right of the main image, the product name "THULE Subterra Spinner 63cm Mineral" is displayed. Below the name, the product code "246191" and a star rating are shown. The original price "UVP 349,95 €" is crossed out, and the current price "349,95 €" is shown in green. A note indicates the product is a "geräumiges Aufgabepäckstück mit vielen Ordnungshelfern für längere Reisen." Below this, there are color and size selection options. The "FARBE:" section shows four color swatches: black, red, grey, and dark grey. The "GRÖSSE:" section shows a dropdown menu set to "63L". Below the selection options, there is a quantity selector with minus, plus, and a central "1" button. To the right of the quantity selector is a teal button with a shopping cart icon and the text "In den Warenkorb". Below the quantity selector, it says "9 auf Lager". To the right of the "In den Warenkorb" button, it says "B-Ware jetzt nur 174,98 €". At the bottom of the page, there are links for "Datenblatt" and "Teilen".
