

Price Dropped Info

2024-01-12 - Patrick - [LEARN](#)

Have you found the product you want, but it's still a little too expensive for you at the moment and you're happy to wait a little longer? In this case, simply add your name to the "Price Dropped" list and we will inform you fully automatically as soon as the price of the product you are looking at drops.

ATTENTION: Unfortunately, it's not just downwards, it may also be that products are not reduced or even become more expensive over time.

The screenshot shows the ELEONTO website interface. At the top, the logo 'ELEONTO' with the tagline 'PLAYGROUND FUTURE' is on the left, and 'Sign in / Register' is on the right. Below the logo is a search bar with the placeholder 'What are you looking for?'. A teal navigation bar contains links: AUDIO & HIFI, HOME, PHOTO & VIDEO, COMPUTER & SMARTPHONE, SPORT & LEISURE, BRANDS, SALE, and DAB+ STORE. The breadcrumb trail reads 'Home / TN-3B-SE Belt Drive Turntable'. The product image shows a white TEAC turntable with a black platter. To the right of the image, the product name 'TEAC TN-3B-SE Belt Drive Turntable, White' is displayed, followed by the model number '250448', a star rating, and a 'Write a review' link. A 'Tell me if the price drops' button with a bell icon is highlighted by a yellow arrow. Below this, the price is shown as 'SRP 399,00 €' and '399,00 €'. A description states: 'The TN-3B-SE is a stylish belt-driven turntable with a built-in MM-type PHONO EQ amplifier.' Under 'COLOUR:', three color swatches are shown, with the first one (white) selected. Below the color selection is a quantity selector showing '1' and a 'NOTIFY ME' button. The status 'Currently sold out' is displayed. At the bottom, there is a star rating of '4.82 Excellent' based on '1,209 reviews', a '30-day "Love it or Return It"' guarantee, 'Free Shipping from 79€/€', and 'Secure Payment'.

To activate the notification, simply click on "Tell me when the price drops" and enter your e-mail address.

You will receive a fully automated message as soon as the price falls below the price at the time you register for the function.
