## Can I change my shipping address after I have already received my order confirmation?

Johan - 2021-10-11 - Shipment

Docking complete. We apologize for the inconvenience, but changing your shipping address after your purchase is completed is not possible. Orders are processed promptly, which makes changes difficult to implement. If the stated address is incorrect or shipment cannot be delivered, it is automatically returned to us. Once we have received and checked the parcel, your refund will be credited to the payment method originally chosen.
